**Subject: Thank you**

Dear Mr. Logothetis,

Kindly allow me to express my sincere gratitude, in my capacity as the Country Representative in UNHCR Greece, to Heraklion's Lawyers' Association for your support towards our Organization's Child Protection Programme, namely through the generous donation of proceeds accumulated as part of the musical concert held on 14 June.

Some 28,000 refugee children -over half of which from Ukraine- are currently seeking safety in Greece after having gone through harrowing journeys that have affected them mentally or physically. More than 2,200 have arrived alone, without a support system to protect them. UNHCR has put forward interventions to stand by vulnerable children, including best interest assessment, transfer to safe housing and access to psychosocial support.

But we cannot do this alone. It is thanks to you, our supporters, that we are able to reach and assist the most vulnerable. The solidarity you demonstrate represents the driving force behind our efforts to provide a brighter future for these children.

Please accept the assurance of my highest esteem.

Sincerely,  
  
Maria Clara Martin  
Representative
